ГЕНЕРАЛЬНЫЙ ПАРТНЕР:

- 10.00–10.20 Reconstruction of the breast tumors (*I. Reshetov*).
- 10.20–10.40 Modern methods of treatment of metastatic lung tumors (*V. Anikin*).
- 10.40–11.00 Strategy of surgical approach in the treatment of chest tumors (*A. Yusupbekov*).
- 11.00–11.20 *Coffee-break*.
- 11.20–11.40 Metastatic tumors of the brain and spinal cord. (*A. Zaitsev*).
- 11.40–12.00 Tactical approaches to the treatment of tumors of the appendage of the eye. (*Yengibaryan M.*).
- 12.00–12.20 The role of interdisciplinary discussions in the treatment of lung cancer (*V. Anikin*).
- 12.20–12.40 Embolotherapy of liver tumors (*A. Shelesko*).
- 12.40–13.00 Perspective for the development of distance learning in medicine (*Y. Mokhova*).
- 13.00–14.00 *Lunch*.
- 14.00–14.20 The signing of the Memorandum between the **WFSOS** and **AOUZ**.
- Plenary report. Moderators: prof. M. Tilliashaykhov (Uzbekistan), prof. R. Dzodic (Serbia), prof. A. Romanchyshen (Russia), prof. G.M. Kariev (Uzbekistan).**
- 14.20–14.40 Modern strategy of innovative research in Oncology Republic Uzbekistan (*M. Tilliashaykhov*).
- 14.40–15.00 The state of neurooncological service in the Republic of Uzbekistan (*G. Kariev*).
- 15.00–15.20 Modern principles of surgery of tumors of the mediastinum (*V. Anikin*).
- 15.20–15.40 Current trends in the diagnosis and treatment of patients with thyroid cancer, taking into account the 8th edition of TNM (*A. Romanchishen*).
- 15.40–16.00 In situ preservation of parathyroid glands during thyroid surgery (*N. Santrac*).
- 16.00–16.20 Diagnosis and treatment of early postoperative complications of thyroid surgery (*K. Vabalayte*).
- 16.20–16.40 Cranioorbital bloc resection. Pros and cons. (*A. Zaitsev*).
- 16.40–17.00 Interventional radiology in Oncology (*A. Shelesko*).
- 17.00–17.30 Discussion.
- 19.30–22.00 *Гала-ужин*.

### **PRACTICAL PART. Conducting master classes and demonstration operations**

*Start of operation:*  
08.30,  
June 8

#### **1. Bone-plastic resection of the parietal region of the brain with removal of the tumor of the parietal region of the brain.**

*Location:* operating room No. 1 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Director of the Republican Specialized Scientific and Practical Medical Center of Neurosurgery Professor G. Kariev.

*Moderators:* Asadullaev U.M., MD, Zaitsev A.M.

*(online discussion of the operation in the conference room)*

МЕДИЦИНСКИЙ ЦЕНТР  
ОНКОЛОГИИ И РАДИОЛОГИИ

Start of  
operation:  
11.00,  
June 8

## 2. Subcutaneous mastectomy and breast reconstruction with silicone implant.

*Location:* operating room No. 2 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Head of Department of Oncology and reconstructive surgery of First Moscow State Medical University named after I. M. Sechenov – academician I. Reshetov – Director of the WFSOS school.

*Moderator:* prof. R. Dzodic.

*(online discussion of the operation in the conference room)*

Start of  
operation:  
15.00,  
June 8

## 3. Expander installation.

*Location:* operating room No. 3 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Head of Department of Oncology and reconstructive surgery of First Moscow State Medical University named after I. M. Sechenov – academician I. Reshetov – Director of the WFSOS school.

*Moderator:* prof. R. Dzodic.

*(online discussion of the operation in the conference room)*

Start of  
operation:  
13.00,  
June 8

## 4. Bone-plastic trepanation of the frontal-parietal region of the brain with the removal of the tumor of the frontal parietal region.

*Location:* operating room No. 1 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Head of the Department of neurooncology Moscow Cancer Research Institute n.a. P. A. Hertzen, MD. Zaitsev A.

*Moderator:* prof. G.M. Kariyev.

*(online discussion of the operation in the conference room)*

## 9 JUNE, BUKHARA /SECOND DAY/

THE CONFERENCE HALL BUKHARA BRANCH OF THE REPUBLICAN SPECIALIZED SCIENTIFIC AND PRACTICAL MEDICAL CENTER OF ONCOLOGY AND RADIOLOGY

**Plenary report.** Moderators: prof. M. Tilliashaykhov (Uzbekistan), academician I.V. Reshetov (Russia), prof. R. Dzodic (Serbia), prof. M.A. Gafur-Akhunov (Uzbekistan), PhD. G. N. Saidov (Uzbekistan).

- 09.00–09.20 The role of microsurgery in Oncology (*I. Reshetov*).
- 09.20–09.40 Substantiation of indications and effectiveness of postoperative treatment methods (drug, radio- and iodine therapy, chemotherapy) in patients with thyroid cancer of different degrees of differentiation (*A. Romanchishen*).
- 09.40–10.00 Choice of lymphadenectomy volume in patients with thyroid cancer with lymphogenous spread (*K. Vabalayte*).
- 10.40–11.00 Technique of recurrent laryngeal nerve liberation for phonation recovery (presentation and video) (*R. Dzodic*).
- 11.00–11.30 *Coffee-break.*
- 11.30–12.00 Biopsy of sentinel lymph nodes in thyroid cancer-the experience of one institution (*N. Santrac*).
- 12.00–12.20 Reconstructive surgery for defects of the head and neck covering tissues (*M. Yengibaryan*).
- 12.20–12.40 Reconstruction of head and neck tumors (*I. Reshetov*).
- 12.40–13.00 *Discussion. Presentation of certificates. Photo session with participants.*
- 13.00–14.00 *Lunch.*

### PRACTICAL PART. Conducting master classes and demonstration operations

*Start of operation: 09.00, June 9*

#### 1. Craniorbital block resection.

*Location:* operating room No. 1 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Head of the Department of neurooncology Moscow Cancer Research Institute n.a. P. A. Hertzen, MD. A. Zaitsev

*Moderators:* G.M. Kariev, R. Dzodic

*(online discussion of the operation in the conference room)*

*Start of operation: 10.00, June 9*

#### 2. Total thyroidectomy with neurolysis of the recurrent laryngeal nerve.

*Location:* operating room No. 2 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* Head of the Endocrine Surgery and Oncology Center prof. A. Romanchishen

*Moderators:* R. Dzodic, M. Yengibaryan

*(online discussion of the operation in the conference room)*

Start of  
operation:  
11.00,  
June 9

### 3. Metastasectomy of the right lung.

*Location:* operating room No. 3 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* scientific consultant of Royal Brompton & Harefield NHS Foundation Trust Harefield Middlesex prof. V. Anikin

*(online discussion of the operation in the conference room)*

Start of  
operation:  
09.00,  
June 9

### 4. Embolization of patients with liver tumor and cervical cancer.

*Location:* Department of endovascular Surgery of the multi-profile medical center of Bukhara region

*Operator:* Head of the Department of roentgenosurgical methods of diagnosis and treatment, PhD A. Selesko

Start of  
operation:  
15.00,  
June 9

### 5. Lobectomy/total thyroidectomy with sentinel lymph node biopsy using methylene blue dye.

*Location:* operating room No. 1 Bukhara branch of the Republican specialized scientific and practical medical center of Oncology and radiology

*Operator:* prof. R. Dzodic, Director of the Institute of Oncology and Radiology of Serbia and dr. N. Santrac
